DECLASSIFIED AND RELEASED BY  
CENTRAL INTELLIGENCE AGENCY  
SOURCE/METHOD/EXEMPTION 3B2B  
NAZI WAR CRIMES DISCLOSURE ACT  
DATE 2008

Our organizations, the Alliance of the Victims of the Fight for Political Freedom in the Tirol and the International Documentation Center of the Resistance Movement, sent to the UIRD and <sup>the</sup> CIC, as well as all other international organizations of the resistance movement and Nazi <sup>v</sup>ictims, an invitation to a joint conference.

So far, we have received neither an acceptance nor a refusal from the UIRD and the CIC, but you published an article on our invitation in No. 82-83 of the "INTERNATIONAL VOICE OF THE RESISTANCE" <sup>in regard to</sup> ~~which~~ <sup>know</sup> which, however, we do not <sup>know</sup> whether it represents your personal opinion or the view of the presidium of your organization.

Naturally, any organization is free to accept or reject our invitation, even without giving reasons for so doing, but it won't do to base a refusal in a newspaper <sup>on</sup> ~~on~~ arguments which are entirely fabricated, without exception, and are entirely lacking in truth!

Against your incorrect claims, we hereby state as follows:

1. Our two organizations are completely above party lines; they do not belong to any overall association (neither the FIR nor any other) and therefore are also not "associated with" the FIR.

2. The initiative for our invitation came solely from our two organizations, and it was decided upon in discussions which took place long before the meeting of the General Council of the FIR and also had

no connection with the meeting of the "Zbowid", in which no representative of ours participated. We have not received orders or missions from Moscow or any other country or organization, and we would firmly refuse to permit instructions to be issued to us by anybody. This assertion which you made, therefore, is a lie, which was consciously used by you in order to damage the standing of our organizations and to represent our organizations as "under the orders of Moscow".

3. Our invitation to the conference of representatives of all international organizations was intended and is intended only to serve the purpose of discussing common questions jointly, completely preserving the autonomy and philosophical concepts of the individual organizations, and, when occasion arises, of holding joint festivals, and the like. Everything else which was claimed by you -- such as, for example, "to direct Soviet Bloc slogans against the West and the Federal Republic of Germany" is equally untrue.

We regret that you used such untruths in your article and expect that you will at least publish an appropriate correction. However, for our part, we will inform all organizations of the true state of affairs by sending them this letter.
